MACHINE LEARNING COURSE

Learn | Research | Innovate
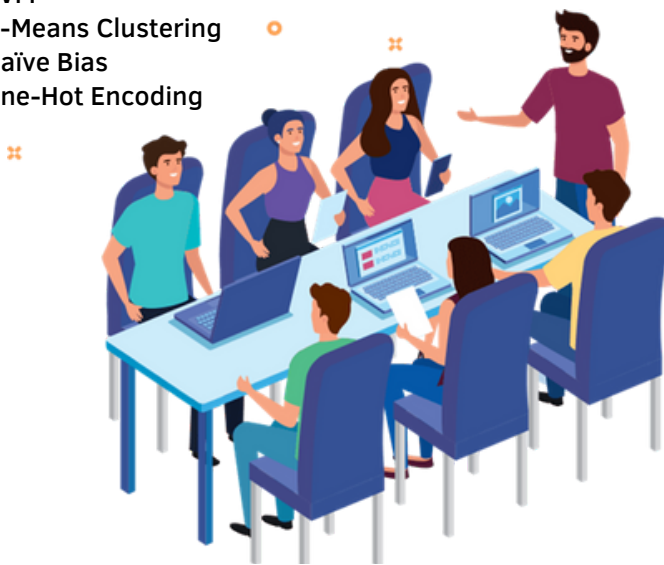

COURSE DESCRIPTION

Learn Machine Learning Course from the most authentic training faculties and mentors in the NCT of Delhi with the fundamental concepts duly associated with this magnificent and the Best Machine Learning Course in Delhi from Craw Security – the Best Machine Learning Institute in Delhi. Moreover, one can sincerely learn the dedicated ML concepts nicely employed to create algorithms in Python Programming skills to power AI-based applications sincerely focused on Artificial Intelligence training.

Machine Learning Course Content

Module 01: Introduction to Machine Learning
Module 02: Linear Regression
Module 03: Multiple Linear Regression
Module 04: Gradient Descent
Module 05: Saving Model to a File
Module 06: Dummy Variables
Module 07: Train-Test-Split
Module 08: Logistic Regression
Module 09: Multiple Logistic Regression
Module 10: Decision Tree
Module 11: Random Forest
Module 12: K-fold Cross-Validation
Module 13: SVM
Module 14: K-Means Clustering
Module 15: Naïve Bias
Module 16: One-Hot Encoding

Course Highlights

Course Duration :
40 Hours

———

Language :
Hindi | English

———

Delivery Methods :
Classroom Training |
Online Training

———

Duration of Program
➢ **45 Days (2 Hours per Day)**
➢ **15 Days (4 Hours per Day)**
➢ **8 Days (5 Hours per Day)**
➢ **5 Days (8 Hours per Day)**

———

Complete Study material and required Software & certification will be provided during the course.

CRAW
Security

WHAT CRAW SECURITY PROVIDES

We will provide you with the best curriculum with in-depth information possessing industrial secrets and experienced facts from our well-qualified and experienced teaching faculties and mentors.
